SECTION 1 - INTRODUCTION

Arco Academy has a responsibility to maintain its records and record keeping systems. When doing this, the Academy will take account of the following factors: -

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used; • Privacy and disclosure; and
- Their accessibility.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the Academy's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the Academy from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The Academy may also vary any parts of this procedure, including any time limits, as appropriate in any case.

SECTION 2 - DATA PROTECTION

This policy sets out how long employment-related and student data will normally be held by us and when that information will be confidentially destroyed in compliance with the terms of the General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the Academy. The Academy's Data Protection Policy outlines its duties and obligations under the UK GDPR.

SECTION 3 - RETENTION SCHEDULE

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the Academy will adhere to the standard retention times listed within that schedule.

Paper records will be regularly monitored by regular internal reviews.

Electronic records will be regularly monitored by regular internal reviews to ensure data is still needed to be retained.

The schedule is a relatively lengthy document listing the many types of records used by the Academy and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

SECTION 4 - DESTRUCTION OF RECORDS

Where records have been identified for destruction, they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate waste paper merchant. All electronic information will be deleted.

The Academy maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list at least: -

- File reference (or other unique identifier);
- File title/description;
- Number of files;
- Name of the authorising Officer;
- Date destroyed or deleted from system; and
- Person(s) who undertook destruction.

SECTION 5 - RECORD KEEPING OF SAFEGUARDING

Any allegations made that are found to be malicious must not be part of the personnel records.

For any other allegations made, the Academy must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

In relation to any allegations made of sexual abuse, all records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer.

SECTION 6 - ARCHIVING

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by Principal and Welfare Officer and Safeguarding Lead (DSL). The appropriate staff member, when archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

SECTION 7 - TRANSFERRING INFORMATION TO OTHER MEDIA

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

SECTION 8 - RESPONSIBILITY AND MONITORING

Principal, Welfare Officer and Safeguarding Lead (DSL) have primary and day-to-day responsibility for implementing this Policy. The Data Protection Officer, in conjunction with the Academy is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.

SECTION 9 - EMAILS

Email accounts are not a case management tool in itself. Generally emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a student record). It is important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.

SECTION 10 - STUDENT RECORDS

All schools with the exception of independent schools, are under a duty to maintain a student record for each student. If a child changes schools, the responsibility for maintaining the student record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.
